Which of your data do we process? And for what purposes?

If we have received data from you, we will generally only process it for the purposes for which we received or collected it.

What is the legal basis for this?

The legal basis for the processing of personal data is in general - as far as there are no other specific legal provisions - **Art. 6 DSGVO**. In particular, the following possibilities come into consideration here:

Data processing for the fulfillment of a legal obligation (Art. 6 para. 1 lit. c) DSGVO).

How long is the data stored?

We process the data as long as this is necessary for the respective purpose.

As far as legal storage obligations exist - e.g. in commercial law or tax law - the relevant personal data will be stored for the duration of the storage obligation. After expiry of the retention obligation, it is checked whether there is a further need for processing. If there is no longer a necessity, the data will be deleted.

Of course, you can at any time (see below) request information about the data we have stored about you and, if there is no need, request deletion of the data or restriction of processing.

To which recipients is the data passed on?

Your personal data will only be passed on to third parties if this is necessary for the execution of the contract with you, if we are legally obliged to pass on the data or if you have given your consent.

Where is the data processed?

Your personal data is processed by us exclusively on the servers of LLT Applikation GmbH or, if necessary, in data centers within the EU.
